

## Air1 AdBlue IBC return guide :: Rev 1.0

IBC's are supplied like this

They should be returned like this:

- ❑ IBC in good condition, with no punctures to plastic bottle and cage not bent or damaged
- ❑ CDS fitting cap/cover removed
- ❑ CDS fitting intact and undamaged
- ❑ Tamper-proof seal unbroken
- ❑ Breather intact on man-lid
- ❑ Identification plate intact with Air1 label
- ❑ Inside clean with no contaminating solid matter or coloured liquids

**If any of the following occurrences have happened we cannot reuse the IBC**

**NO REFUND WILL BE GIVEN IF:**

- Breather or breather cap removed
- CDS fitting removed or damaged
- Identification plate missing/label removed **(it is illegal to transport an IBC without a label and/or if there is product in the bottom)**
- IBC cage or bottle damaged
- Seal broken
- Contamination (particulate or liquid) in bottom

**No identification label**

**Liquid contamination in bottom  
(It is illegal to transport an unknown waste product)**
